

# Evaluation Criteria for **Outstanding PhD Awards**

We want to showcase the best and brightest PhD recipients from the Nordic Region each year. To do this, we offer dissertation awards to recognize all the hard work these new doctors put into furthering the field of ophthalmology.

## ***Criteria:***

There are certainly many ways to evaluate theses. To avoid subjective evaluations and potential biases, the Editorial Board of *Oftalmolog* has decided that the three dissertations with the highest total impact factor at the time of their submission will be rewarded. Please submit theses defended in the Nordic region in 2020 by October 1, 2021 to be considered for these awards. The winners will be announced in our December issue.

## ***Prizes***

***Gold:*** NOK 80,000      ***Silver:*** NOK 30,000      ***Bronze:*** NOK 15,000

We are very grateful to our sponsor, **Santen**, for their support in making these awards possible.

More information on the award can be found on our website,  
[www.oftalmolog.com](http://www.oftalmolog.com).
