

Evaluation Criteria for the 2024 Best Paper Awards

- 1) How interesting the subject is to our readers
- 2) Quality of language, pictures, illustrations, and figures

Points (1) and (2) have equal weight. Articles will be evaluated by an independent panel of judges, chosen by the Editor-in-Chief.

There will be three article prizes in 2024. The first prize (gold) is NOK 80,000, whereas silver and bronze will be awarded NOK 30,000 and NOK 15,000, respectively. All articles published in *Oftalmolog* in 2024 will be evaluated for the prize, regardless of subject. There are no guidelines attached to the prize money; thus, how it is spent is limited only by the imagination.

The editors hope that the article prizes will attract high-quality articles in *Oftalmolog* from authors of all ages in the field of ophthalmology. We call for collaboration, where younger clinicians and researchers can draw on the experience of more established eye doctors.
